5th International Symposium of Auriculotherapy and Auriculomedicine

Lyon (France) October 4 – 8, 2006

First announcement and call for papers

Dear colleagues and friends:

Lyon is the city of the Little Prince who reminded us that "the essence of things escapes our eyes." The same holds true in literature, science or medicine. The essence of things still eludes our eyes. Right approach, rigor and originality make up the essence of medicine. Openness and tradition will greet you this year at the 5th International Symposium of Auriculotherapy and Auriculomedicine.

Pre-Symposium Workshops

A 30-minute question & answer period will follow each workshop

Wednesday, 4 Oct., 09:00 hrs/ Mercredi, 4 oct., 9 h:

How to submit an abstract or paper

Oral presentations must be handed in to the Science Committee who will classify them as basic research, clinical research or as an open paper. Candidates may express their wishes, but any and all rulings by the Committee will be final.

Opinions expressed in the presentations are solely those of the authors who must make available to the Science Committee their scientific, namely statistical, evidence.

The approved papers will be indexed in INIST, the international publications base, and therefore must meet basic prerequisites barring which the papers will be declined and not indexed.

Basic Prerequisites:

- Title, author(s), Addresses, e-mail address, degrees and titles of the author(s) or institution(s).
- A 10-line abstract in English.
- Key words (from 2 to 5)

- Body of the text comprising:
 - the aim of the paper
 - the line of reasoning followed
 - the means utilized
 - the results
 - a conclusion
 - a bibliography

If possible, please write your paper in either French or English.

The text must be presented on Word for Windows or compatible program, using Arial or Times characters, 12 points. The graphs, photos or drawings will need to be referenced by numbers in the text but attached separately, using Tif or Jpg formats.

The above must be sent *by e-mail* to marignan@online.fr OR by discs or CD-ROM's must be mailed to:

Dr Michel Marignan

Immeuble "Le Grand Cedre"

Le CHARREL

13400 Aubagne

France

An acknowledgement of receipt of your paper will be e-mailed to you; you must e-mail us back your confirmation. **Therefore, when applying, it is absolutely necessary for you to provide us with a contact e-mail address.**

Papers must be received at the very latest **by 30 June 2005**. No paper will be accepted after this date.

In September 2006, the Science Committee's decision will be mailed to you along with the Symposium's final programme.

Concerning the posters -- poster presentations -- a short text must accompany each poster submitted. This text must follow the same criteria mentioned above as regards papers. Each posters accepted by the Committee will be allowed to be presented to the general audience for a period of 3 minutes followed by a 2-minute question and answer period.

Dr Michel Marignan

On behalf of the Science Committee
